

ABOUT US

Toog Solutions LLC is a SDVOSB providing reliable and quality RMF and ISSO support services. With a proven track record of assisting government agencies with obtaining Authorizations to Operate (ATOs) for critical government systems, we stand as a trusted partner in safeguarding the digital infrastructure that powers our nation.

We provide the support needed to navigate complex ATO requirements. Toog Solutions LLC has successfully guided federal information systems through the Risk management Framework (RMF) process, resulting in more than 20 ATOs. We enhance situational awareness through continuous monitoring of security controls, system changes, and vulnerability scans.

Our team of experienced professionals is committed to safeguarding sensitive information and enabling our clients to meet and exceed regulatory requirements.

SERVICES

IT Security and Compliance:

- Tailored solutions to assess, enhance, and maintain the security posture of government IT systems.
- Compliance audits and gap analysis to ensure adherence to relevant regulations and standards.
- Continuous monitoring and incident response to mitigate potential security threats.

Assessment and Authorization:

- In-depth assessment services to evaluate the security controls and vulnerabilities of information systems.
- Authorization support, including the development & submission of Authorization Packages for government approval.
- Ongoing authorization maintenance and updates to adapt to evolving security landscapes.
